PROFILE

Passionate and self-driven Full Stack Web Developer and Video Editor with experience in building responsive websites and crafting high-quality cinematic and promotional videos. Skilled in front-end and back-end development, database management, and professional video editing techniques. Continuously learning and adapting to new technologies to enhance creativity and efficiency.

WORK EXPERIENCE

Website Development   2021-2023
Full Stack Web Developer

- Developed 5-6 websites independently with a focus on responsive design, database management, and API integration.
- Skilled in front-end and back-end technologies like HTML, CSS, JavaScript, React, Node.js, and MySQL.
- Passionate about creating functional, user-friendly web applications and continuously learning new technologies.

Database Management   2023-2024
MYSQL Database

- Experienced in designing, managing, and optimizing databases for efficient data storage and retrieval.
- Worked with MySQL to build structured databases for web applications.
- Skilled in writing queries, handling relationships, ensuring data integrity, and optimizing performance for secure data management.

APP DEVELOPMENT   2024 - 2025
Mobile App Development (Flutter & React Native)

- Currently learning Flutter & React Native for cross-platform development.
- Exploring UI/UX principles for seamless user experiences.
- Working on personal projects to enhance skills.
